**Give, and it will be given to you:
good measure, pressed down, shaken together,
and running over will be put into your bosom.
For with the same measure that you use,
it will be measured back to you"**

Osaka on site worship service and Glass Art Experience

We had Osaka on site worship service on 11th of August. The members from Osaka and from Aichi, joined to worship together.

We all were united both on site and Zoom in prayer seeking for the presence of God.

Mio one of the Osaka members and the youth leader, offered praise dance to the Lord! The members that were on site also danced the prophetic of victory

♥The members of AMI JAPAN from all over Japan and overseas.♥

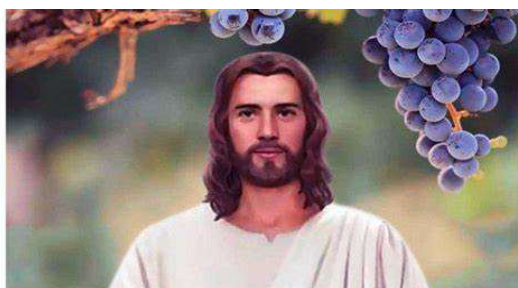

We thank the ministry members behind the seen that support the worship service

The picture taken after the worship service was a wonderful one that the light of God was shining in. (Above)

In the afternoon we had the second Glass art experience class. We welcomed the same teacher, and created ornaments with lights in the design of grapes that is deeply connected with the Bible. Each member created their original creative designed product.

"I am the vine, you are the branches. He who abides in Me, and I in him, bears much fruit; for without Me you can do nothing.

Report on the Hokkaido Evangelism (August 24-27 2024)

Mugi chan tha Manga artist drew portraits of the people at KIZUMA old folks home, that we met in May. They were all happy.

Barbecue at Mr. Katsuji's home that we met in May at a Ramen shop.
It was so delicious.

We were planning to stay at Hideko's house, but was led by God to stay at Mr. Katsuji's house that we met in May!!

We had delicious rice from Hokkaido and sweet corn, fresh eggs that Mr. Katsuji went to collect around at 5 in the morning, fresh vegetables and tomato juice (Nishipa no Koibito). Everything was so delicious.

We were given 20kg of tomatos each so we boxed them.

We went to 'Masakat chan's home, who came to the KIZUNA the old folks home in May, to give him the portrait.

Then prayer of healing

Mr. Katsuji took us around Biratori.

Dinner was hand rolled Susi, so he bought a lot of Sashimi(raw fish)!!
We ate until we were filled and then it was prayer time.

The left over sashimi was made into sushirolls that I am good in making.
It was a luxurious breakfast. Hideko made salad for us and of course
we also had fresh eggs.

We gain weight when coming to Hokkaido, but Hokkaido is a place to enjoy
good food.

If we gain weight, we just need to workout!!

The final day we went to a place where the old train D51, that used to run in the 'Furenai' area was displayed. The blue train had a shower room and bikers were able to stay when it was still in good shape. But now it has become too old to stay.

Mr. Katsuji took us around all over and took us to eat delicious food until it was time for us to go to the airport. At the coffee shop that reminded us of the Showa era, I had Black pork curry made with Biratori tomatoes, Spagetti Napolitana that is Sachiko's favorite, and the grilled sandwiches all reminded us of the old good days.

The strawberry cake and strawberry smoothie that we had at the shop near the Coffee shop.

And shocking Hokkaido's sekihan (steamed sticky rice with red beans) that Hideko's made! The beans were sweetened beans. Though it was shocking, it was so delicious.

The people in Hokkaido are filled with love.

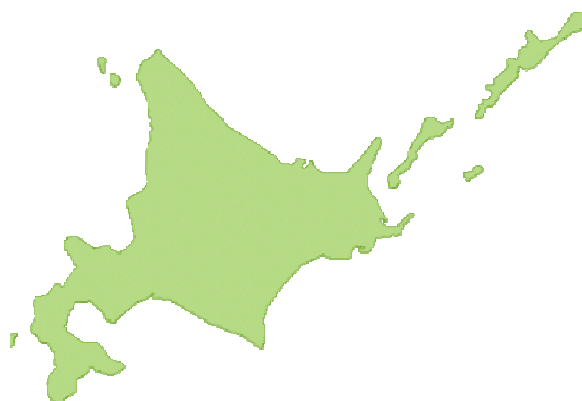

Thank you Kouichi and Hideko for driving 5 hours from Kushiro and coming over.

Thankful for the new encounter with Mr. Katsuji's co workers.

Though it was only the second time, we are thankful for letting us stay at his house and feeding us so much food. We are so thankful for Mr. Katsuji's hospitality, during his busy season harvesting tomatoes. He is just filled with love.

Thank you so much!!

Thank you Hokkaido!

The booklet that Pastor RIE is holding in the picture is the Annual report that we have received.

There has been many landslides due to heavy rain, damages from the Typhoon and disasters this year, including the earthquake in Noto Peninsula. Not only in Japan even in other countries, we do not know when we will face disasters.

Just as Jesus helped those who were in need and needed help, AMI JAPAN will continue to support "ARROWS the Flying Searching Medical Organization" that is first to fly to the disaster area for rescue and relief.

Also, we will continue to support JS Foundation sponsored by Shogo Hamada. We kindly ask for your continual love support.
